

CERTIFICAT OF VISUAL, THOROUGH EXAMINATION & MAGNETIC PARTICLE INSPECTION																																																																																						
Client:	Black Gold Gulf Oil And Gas Services Co.Ltd Basra Iraq			Report No:	QC-BG-MPI-0576-001																																																																																	
Rig Location:	BLACK GOLD YARD			Job Number:	QC-BG-JUN-2023-0576																																																																																	
Inspection Date:	01-06-2024			Inspection Due Date:	30-11-2024																																																																																	
Type Of Inspection:	VISUAL , THOROUGH EXAMINATION & MAGNETIC PARTICLE INSPECTION			Specification:	ASTM E709 & ASTM E 1444 (2016) ASME V Article 7 (2019)																																																																																	
 				UNIT DESCRIPTION:	HYDRAULIC POWER UNIT LIFTING PAD EYE																																																																																	
				UNIT S/N:	(BGGHPU 001) PE1 / PE2 / PE3 / PE4																																																																																	
				PAD EYE	QTY	LIFTING PAD EYE		P-E SWL	REMARK																																																																													
				PE1	04	Length	128 mm	2 Ton	Satisfactory																																																																													
				PE2		Height	80 mm																																																																															
PE3	Pin Hole	20 mm																																																																																				
PE4	Thickness	20 mm																																																																																				
INSPECTION RESULT :																																																																																						
VISUAL , THOROUGH EXAMINATION				VISUALLY INSPECTED AND FOUND FREE FROM DEFORMATIONS, CORROSIONS, AND OTHER DEFECTS.																																																																																		
MAGNETIC PARTICLE INSPECTION				M.P.I HAS BEEN DONE ON AVAILABLE CRITICAL AREAS AND FOUND FREE FROM CRACKS AND OTHER DEFECTS																																																																																		
FINAL RESULTS				THE ABOVE INSPECTED AREAS WAS ACCEPTED AT THE TIME OF INSPECTION																																																																																		
COMMENT:				Online Traceability																																																																																		
				MAGNETIC PARTICLE INSPECTION WITH AC YOKE, BLACK INK, AND WHITE CONTRAST PAINT
